

Call for Book Naming and Cover Design

ASHRAE Hong Kong Chapter

Description

Documenting the history of HVAC&R in Hong Kong, this book will be the first ever publication of the Chapter in memory of her 25th anniversary! A special task group was set up last May led by Dr. Philip Yu, Historical Committee Chair has been involving over 20 members and defined the skeleton of the book as follows:

- full colour print with perfect binding, 256-page, in physical size of 213 mm x 285 mm;
- target publication quantity: 2,000 copies English version (for sale in Hong Kong and worldwide) and 1,000 Chinese version (for sale in Mainland China);
-

The contents below are mostly to be included:

- how air-conditioning impact the life of HK people
- development of air-conditioning system and technology
- evolution of the government buildings
- some interesting records, e.g. first building with air-cond
- HVAC system in buildings of different era and different types – design, commissioning, operation, etc.
- future outlook of hvac for buildings in HK

Entry requirement: ASHRAE members, all grades including student members

Submission:

- for e-copy or naming only, by e-mail at info@ashrae.org.hk
- for hardcopy, by post to: P.O. Box 35612, King's Road Post Office, North Point, H. K.
- for enquiry, by e-mail to Dr. Philip Yu: yupc@trane.com

Note: participant's name, membership no., e-mail address and telephone no. should be included.

Prize: winner will be notified to receive a special prize at the Chapter's event later.

Deadline: 15-4-2008
