Technical Seminar on Building Services Product Standard Certification

Jointly organized by HKIE BSD, ASHRAE HKC, and CIBSE HKB

- Date** : 27 July 2005 (Wednesday)
- Venue** : HKIE Headquarters, 9/F No. 1 Great George Street, Causeway Bay
- Time** : 6:15pm for 6:30pm - 7:30pm
- Fee** : Free of charge

Programme Highlight :

Product certification is an international trend. It addresses concerns of consumers, users and all interested parties by instilling confidence regarding compliance with product standard requirements. At the present moment, the development of this scheme has been initiated in the areas of passive fire protection products as well as plumbing, drainage and fire fighting products. Ir C K Cheung will explain in details what is "Product Standards Certification" as against "ISO 9001 System Certification". He will also touch on the current requirements in BD's PNAP 282 and FSD's Fire Protection Notice No.15. Mr. Raymond Cheung will explain the main areas in a typical product certification scheme in fulfilling the requirements of ISO/IEC Guide 65 and ISO/IEC Guide 67.

Honorable Speakers :

Ir C K Cheung & Mr Raymond Cheung

Ir C K Cheung is a Senior Accreditation Officer in the Hong Kong Accreditation Service (HKAS) of the HKSAR Government. He is a civil engineer by profession. He worked in the government Works Department for many years before joining HKAS. In HKAS, he is in charge of the three accreditation schemes, namely, testing, inspection and certification.

Mr. Raymond Cheung is the Chief Executive of Hong Kong Certification Services Limited (HKCSL). He is a system auditor by profession. He has worked in the construction and engineering field for many years before forming the HKCSL. Mr Cheung is in charge of three system certification schemes and all product certification schemes. He is a lead auditor for all system schemes, and quality and environmental management systems.
