Programme Highlight :

The 15th Elevcon World Congress on Vertical Transportation Technologies and the 4th IFEX Seminar (Elevcon Asia 2005 & IFEX 2005) had been successfully held in Beijing on June 7 to 9, 2005. During the 3 days period, 29 Elevcon papers and 8 IFEX papers were delivered by worldwide elevator experts.

Some of the Elevcon & IFEX papers are extracted for sharing in this seminar on the latest development/technology and marketing knowledge as presented in the Congress. The selected Elevcon papers included topics on elevator/escalator monitoring system, new type machine-room-less elevator, universal design escalator, experiments on aerodynamics of super-high-speed elevators, inspection criteria for existing lifts and performance and comfort of elevators. The selected IFEX papers included discussion of the current situation of China mainland elevator market and its development trends as well as government's principals of supervising and administrating elevators in China.
