

## **Technical Talk on Case Study of Energy Efficient Design of Chiller Plant**

*Jointly organised with ASHRAE (Hong Kong Chapter)*

*Thursday, 16 October 2008*

### **Date, Time & Venue**

Thursday, 16 October 2008; 6:30pm to 7:30pm; the HKIE HQs.

### **Programme Highlights**

The technical talk aims to present a case study of the design of large chiller plant with high energy efficiency and sustainability.

### **Speaker**

Mr Matthew NGAN, Director of Parsons Brinckerhoff (Asia) Ltd.

Mr Matthew NGAN is currently a Director of Parsons Brinckerhoff (Asia) Ltd, one of the leading electrical and mechanical consultant firms in Hong Kong. He has more than 20 years of experience in building services system design, including mega size projects such as the Hong Kong Convention and Exhibition Center, Singapore International Convention and Exhibition Center (Suntec City), large commercial developments in Beijing and Shenyang and integrated resorts in Macao and Singapore.

His expertise is in the design of heating, ventilating and air conditioning systems. He also has a lot of experience in the design of energy saving system, district cooling system and project management of mega size projects in many countries such as Hong Kong, Macau, Singapore, Indonesia, Malaysia and China.

### **Registration & Enquiries**

The technical talk is free of charge and prior registration is required. The number of participants is limited to 100 and applications will be accepted on a first-come first-served basis. For registration, please complete and return the [Standard Reply Form](#) to Mr Johnny SHING via Email: [johnny.shing@towngas.com](mailto:johnny.shing@towngas.com) or by Fax: 2590 6344. For enquiries, please contact Mr SHING at Tel: 2963 1572/ 9520 3028. Please note that CPD Certificate will be available.
