

A Public Engagement Forum for
Professionals in Engineering, Building Design, and Building Management

On the topic

“Building Design to Foster a Quality and Sustainable Built Environment”

The Council of Sustainable Development (SDC) has initiated a public engagement exercise, inviting the public to express their views on a number of subjects related to “Building Design to Foster a Quality and Sustainable Built Environment”. It has solicited a number of organizations to be their partners in promulgating this exercise, and to help collecting feedback from their respective professions, trades and industries. Details of the public engagement exercise can be viewed at the website of the Council of Sustainable Development (www.susdev.org.hk).

The topics that the public engagement will focus on are:

- Building separation,
- Building façade setback
- Greenery
- Gross floor area (GFA) concession
- Energy efficiency

Besides the above specific topics, the public is also encouraged to take this opportunity to express their views on other topics related to maintaining a sustainable built environment in existing and new buildings. This may include subjects on building design, operations, maintenance, or management.

The HKAEE has teamed up with Building Services Operation and Maintenance Executives Society (BSOMES), The Hong Kong Institute of Facility Management (HKIFM), and The Hong Kong Institute of Housing (HKIH) and to organize a public engagement forum for professionals involved in building design, operations, maintenance, and management. The Forum is also supported by a number of professional bodies (see list below). Participants will be briefed by the Programme Director of the Public Engagement Exercise about the gist of the subjects. Two experts will be invited to deliver keynote addresses on related topics. Then participants will break out into small groups for discussion on the subject. Later on, the small groups will present their discussions and recommendations, which will be recorded as their feedback to the SDC.

Organized By:

Speakers: **Mr. Lam Chiu Ying** – Former Director, HK Observatory
Prof. Andrew Leung – Professor (Chair), Department of Building & Construction, City University of HK
Ir Otto Poon, BBS – Support Group Member, SDC

Date: 10th October 2009 (Saturday)
Time: 09:00 - 13:15 (Registration at 08:30)
Venue: Assembly Hall, The Hong Kong Institute of Vocational Education (Morrison Hill Campus), No. 5 Oi Kwan Road, Wanchai, Hong Kong.

The forum is organized by:

The Hong Kong Association of Energy Engineers (HKAEE)

Co-organized by:

The Building Services Operations and Maintenance Executives Society (BSOMES)
The Hong Kong Institute of Facility Management (HKIFM)
The Hong Kong Institute of Housing (HKIH)
The Hong Kong Institute of Vocational Education (Morrison Hill) (IVE - MH)

Supported by:

Asian Institute of Intelligent Buildings (AIIB)
American Society of Heating, Refrigerating and Air-Conditioning Engineers, Inc.– HK Chapter (ASHRAE)
International Facility Management Association – HK Chapter (IFMA)
Royal Institution of Chartered Surveyors (Hong Kong) (RICS)
The Association of Energy Engineers - HK Chapter (AEE – HKC)
The Chartered Institution of Building Services Engineers - HK Branch (CIBSE)
The Chartered Institute of Plumbing and Heating Engineering - HK Branch (CIPHE)
The Energy Institute - HK Branch (EI)
The Hong Kong Association of Property Management Companies (HKAPMC)
The Society of Operations Engineers - HK Region (SOE)

Fee: **Free of Charge**
Registration Deadline: 5th October 2009 (Monday)
